DESCRIPTIONS

Career Navigator Online Resources Webinar..... [March 2, 2017](#)

Join us as we walk through online resources for Career Navigators available at icapsillinois.com. We will provide examples of material for career/transition plans, college success course development, the screening and selection process, marketing, orientation, and other essential elements of an ICAPS program. Additionally, we will share information on the iLearn system.

Developing an ICAPS Program Using the Process Checklist for IET Models Webinar..... [March 22, 2017](#)

This session is designed for programs beginning to create an integrated program or those wanting to increase their knowledge of IET. Join a panel of experienced ICAPS teams as you walk through the steps to develop a successful Integrated Education Program. View the newly created Process Checklist to guide you from concept to application.

Perkins Administrator Meeting..... [March 23, 2017](#)

The Illinois Community College Board (ICCB) and the Illinois Center for Specialized Professional Support (ICSPS) invite CTE professionals to explore the new Uniform Grant Guidance, EDGAR, the Perkins legislation and WIOA's impact on CTE with our guest speaker Michael Brustein from Brustein & Manasevit, PLLC.

Following the workshop the CTE Team of the ICCB will provide an overview of the FY18 Postsecondary Perkins Grant Guidelines, updates on monitoring, upcoming professional development and an opportunity for colleges to meet with their ICCB liaison. The second part of this meeting is for Postsecondary Perkins Administrators only.

Tips for Successful Development and Delivery of an ICAPS Support Course Webinar.... [April 13, 2017](#)

Join a panel of experienced ICAPS teams to learn what an ICAPS Support Course is, the purpose, the components of the course, and the outcomes. Hear what went well for these veteran programs, what they learned through practice, and what tools are available for your use.

Perkins Online Data System (PODS) Webinars..... [April 18 & 25, 2017](#)

There are two identical webinars being presented by the Research and Policy Studies department from the ICCB. The webinars will provide an overview of the Perkins Online Data System (PODS) examining the CTE Performance Data. Participants will be provided a step-by-step approach to complete Perkins Plan Form 1 - Accountability Data Snapshot Worksheet.

Perkins Data and Accountability Workshop..... [April 20, 2017](#)

This workshop will provide information about definitions of the Perkins Core Indicators and will assist participants in understanding the path from student enrollment to Core Indicator achievement. Through examination of local data, participants will have the opportunity to practice applying that knowledge to their college, so that they can plan to maximize student success and college achievement of Perkins Core Indicators. Participants will complete Perkins Plan Form 1 - Accountability Data Snapshot Worksheet.

Building Capacity of Existing ICAPS Programs..... [April 20, 2017](#)

Join a discussion with existing ICAPS programs addressing pressing employment/training needs in your region, considerations for expanding capacity of your program, creative programming ideas, and how to fully serve students within our fiscal climate.

Effective Strategies for Team Teachers Webinar..... [May 3, 2017](#)

Join this panel discussion in which experienced team teachers will share their experiences and answer your questions. The discussion will cover topics that can assist in the implementation of a team teaching model or be used to help you overcome difficulties you have encountered in your ICAPS program. In this webinar we will also share some useful resources for team teachers.

Dual Credit Update Webinar..... [May 9, 2017](#)

During this webinar the ICCB CTE team will provide an update on the regulations for Dual Credit in Illinois.

Special Populations Summit..... [May 23, 2017](#)

The Special Populations Summit is an opportunity for Career and Technical Education professionals to learn about the innovative initiatives and activities that have been developed through the FY17 Special Populations Support Grant. The Summit will also feature national resources related to serving special populations.
