Resources

State Resources

ICCB Illinois Community College Board

As the state coordinating board for the Illinois Community College System, ICCB is responsible for administering the Public Community College Act, statewide planning and coordination of the community college system, administering state and federal grants to community college districts and adult education providers, managing high school equivalency testing for Illinois, collecting and maintaining enrollment, completion, and student characteristic information on community college students, and coordinating Illinois Community College System data collection, administrative data matching, and reporting.

ICCB

ICCB's website is the first stop for information about ICCB and the Illinois Community College System, like a Community College Directory, district maps, a Directory of Programs, data and reports, ICCB System Rules and policies and ICCB division specific information. Below are highlights that are useful for Perkins Administrators, but please check out ICCB's website for a wealth of information, from ICCB staff contact information to news and media, and everything in between.

1

[CTE](#)

The CTE page contains information and resources that are helpful for navigating postsecondary CTE and managing the Perkins V grant.

2

[Grants](#)

The Grants Opportunity and Information page lists competitive grant opportunities posted by ICCB and information, resources, and documents required for managing ICCB grants.

3

[PODS 2.0](#)

PODS 2.0 is ICCB's Perkins Data Dashboard. This resource houses Perkins indicators of performance data for all Illinois Community Colleges.
