# Emerging Careers Exploration Bridge

World Relief Chicago

# Our Mission...

Connecting High Intermediate & Advanced ESL Students with the information and opportunities to transition into long-term, sustainable careers.

# Growing Career Fields

**and more!**

# Training & Employer Partners

# Class Curriculum

## Career Exploration

- Hear from guest speakers in different career fields
- Research career fields (onetonline.org, indeed.com, Illinois WorkNet)
- Connections between careers and personality types, hard skills and soft skills

## American Workplace Culture

- Interpersonal skills
- Differences in work culture expectations in the U.S. and the home culture

# Class Curriculum

## Math & Writing at Work

- Professionalism in the areas of math, writing, emails, resumes, cover letters, etc.

## Interview Preparation

- Students complete a mock interview with someone on our employment team.

## Presentation Skills

- Students create a slide presentation with their goals and career plan and present it to the class.

# Digital Literacy Orientations

# Engaging New Partners in Class

- Did the guest speaker relate to and build rapport with students?
- Did the students benefit from this speaker? Were they motivated?
- Are any of them interested in entering this training program or applying to this company?
