

USING DATA TO IMPROVE PERFORMANCE

Cecilia Elhaddad

Director for Adult Education and Literacy

Janelle Jones

Director for Career and Technical Education

- ▶ How are data used in Adult Education and Career and Technical Education?
- ▶ How are data stored?
- ▶ Resources

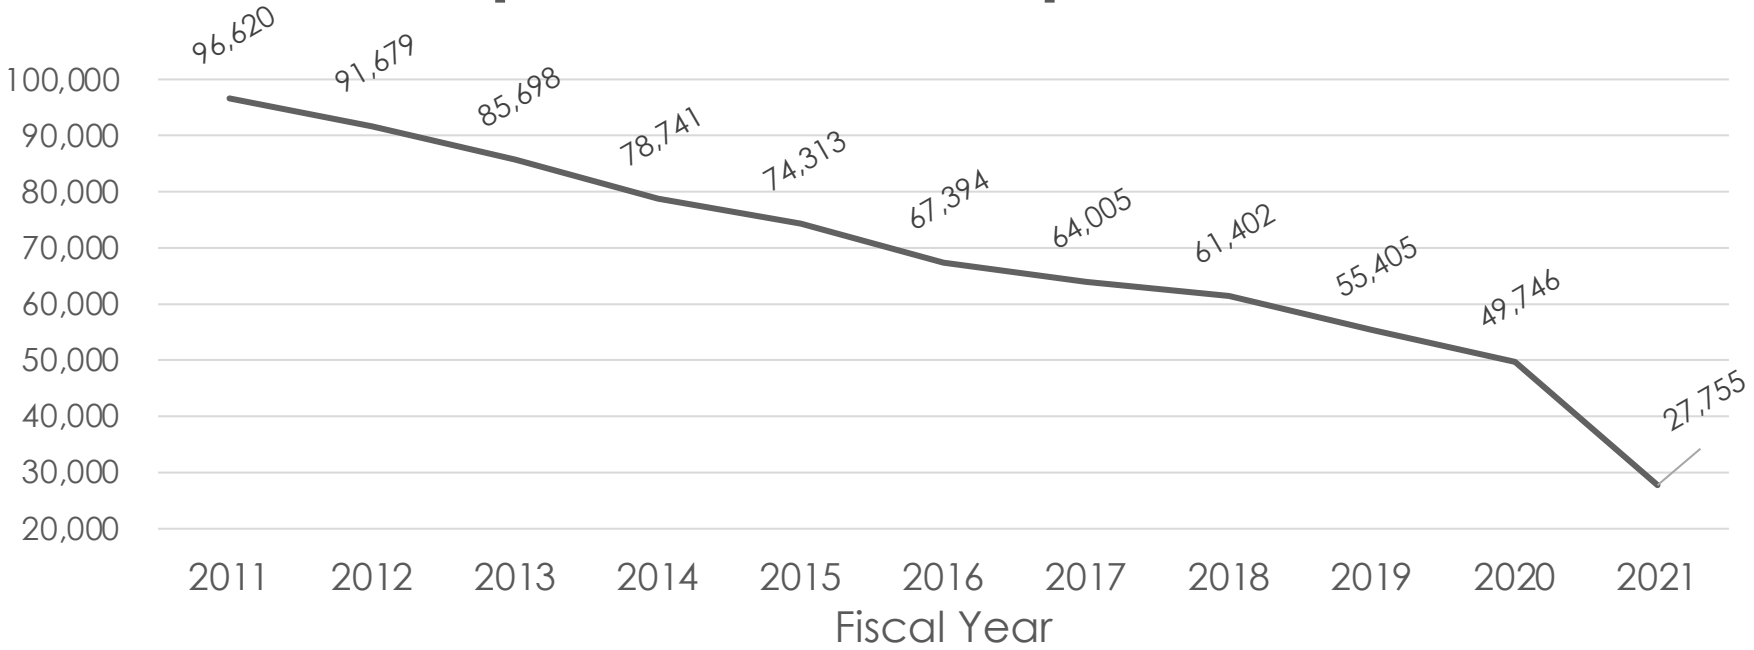

AGENDA

A decorative graphic consisting of several parallel white lines of varying lengths, slanted diagonally from the bottom right towards the top right, set against a blue gradient background.

HOW ARE DATA USED IN ADULT EDUCATION?

- Set (and adjust) expectations about performance
 - Generation
 - State Performance Targets
- Calculate funding allocations
- Move programs on and off Watch and Probation Lists
- Evaluate gaps to improve equity in the state

NRS Reportable Participant Count

- ▶ To determine funding allocations
- ▶ To evaluate programmatic risk
- ▶ Accountability and continuous improvement
- ▶ To improve access and equity
- ▶ To inform programs of study

PERFORMANCE DATA ANALYSIS				
Performance Indicator	FY 21	FY 22	FY 23	FY 24
	SDLP	SDLP	SDLP	SDLP
1P1: Postsecondary Retention and Placement	69.00%	69.40%	69.80%	70.40%
2P1: Earned Recognized Postsecondary Credential	70.10%	70.50%	70.90%	71.30%
3P1: Nontraditional Program Enrollment	09.60%	09.80%	09.90%	10.10%

HOW ARE DATA USED IN CAREER AND TECHNICAL EDUCATION?

HOW ARE ADULT EDUCATION DATA STORED?

Data and Information System Illinois
