KDE's Applications Education

<https://kde.org/applications/education/>

kde.org

FREE and offers you an easy way to learn to type on a keyboard quickly and correctly. Every finger has its place on the keyboard with associated keys to press. Starting with only a few keys to remember you will advance through the levels of the training lecture while more and more keys are introduced. And finally you will be able to type very fast and accurate, because you no longer need to search for the keys on the keyboard (and because you will definitely use more than just two fingers).
