

The Magic of Team Teaching: An ICAPS Success Story

Levia Loftus, Instructional Support Manager

Felipe Valtierra, Automotive Faculty

A Brief Overview of Team Teaching

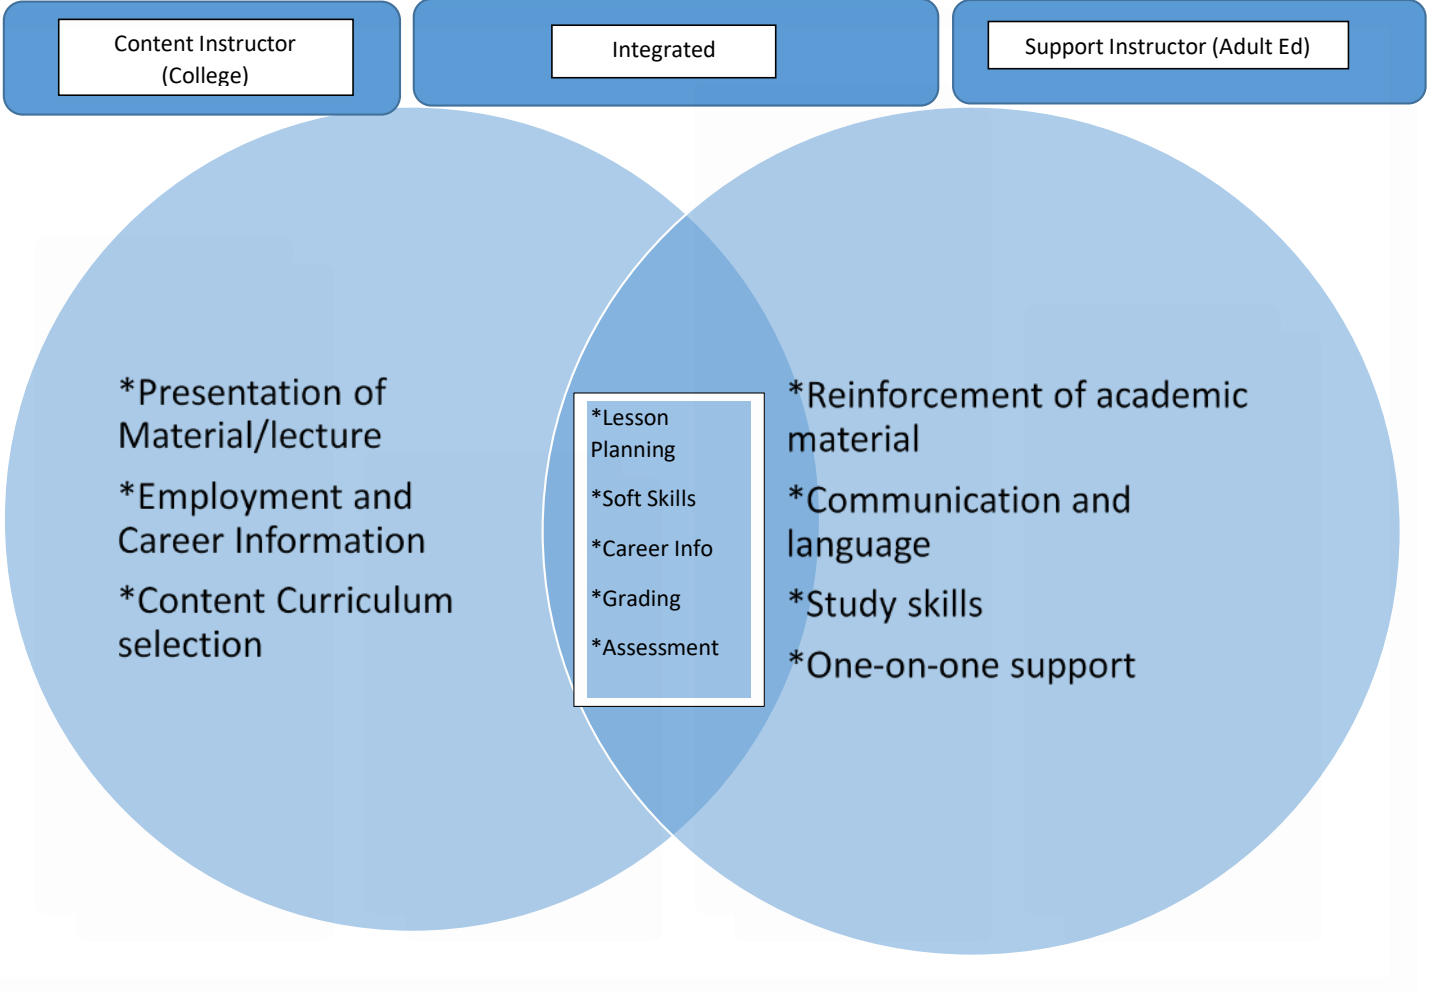

- A required component of ICAPS
- A method in which two teachers (CTE and Adult Education) work together to integrate instruction
- A minimum 50% overlap of instruction required
- A separate support class is mandatory, led by the basic skills instructor

Team Teaching Overview cont.

- CTE and Basic skills instructors share instruction
- CTE teaches content
- Basic skills instructor provides support, models learning strategies and takes charge of providing follow-up activities on related topics or study skills

Team Teaching in ICAPS

Successful Team Teachers

Team teaching is a commitment to thoughtful integration of both instructors' expertise to best serve the students. Throughout the literature on team teaching, certain key elements appear to characterize its success:

- Open and on-going communication
- A shared commitment to making team teaching and the professional relationship work
- Flexibility
- Compatible approaches to teaching & learning.

Team-teaching Strategies

- Content presentation/Writing on whiteboard
- Content presentation/Discussion questions
 - Questions can be planned but look spontaneous
 - Questions can stem from confused looks on student faces (!)
- Circulation while students work

Team- teaching Tips

- Never take anything for granted – explicitly discuss everything.
- Decide upon unacceptable classroom behavior together (cell phones, speaking out of turn...)
- Plan all lessons together including in/out of class evaluations
- Develop a mutually agreed upon back-up plan
- Always show respect to one another both inside and outside the classroom.

Lessons Learned during the Process

- Get your hands dirty together

(CLC currently uses Blackboard)

AUTOMOTIVE TECHNOLOGY

Know your ICAPS Certificate Programs

Automotive Service Specialist (Certificate) Code 24UJ

This Mini Certificate would prepare a student for initial employment in the automotive service industry.

AUT 110 Intro to Auto.....	4
AUT 110 Engine Rebuilding	5
AUT 131 Auto Electrical I.....	5
Total Hours	14

Automotive Brakes and Suspension Specialist (Certificate) Code 24UK

This Mini Certificate would prepare a student for initial employment diagnosing and repairing automotive braking, suspension and alignment problems.

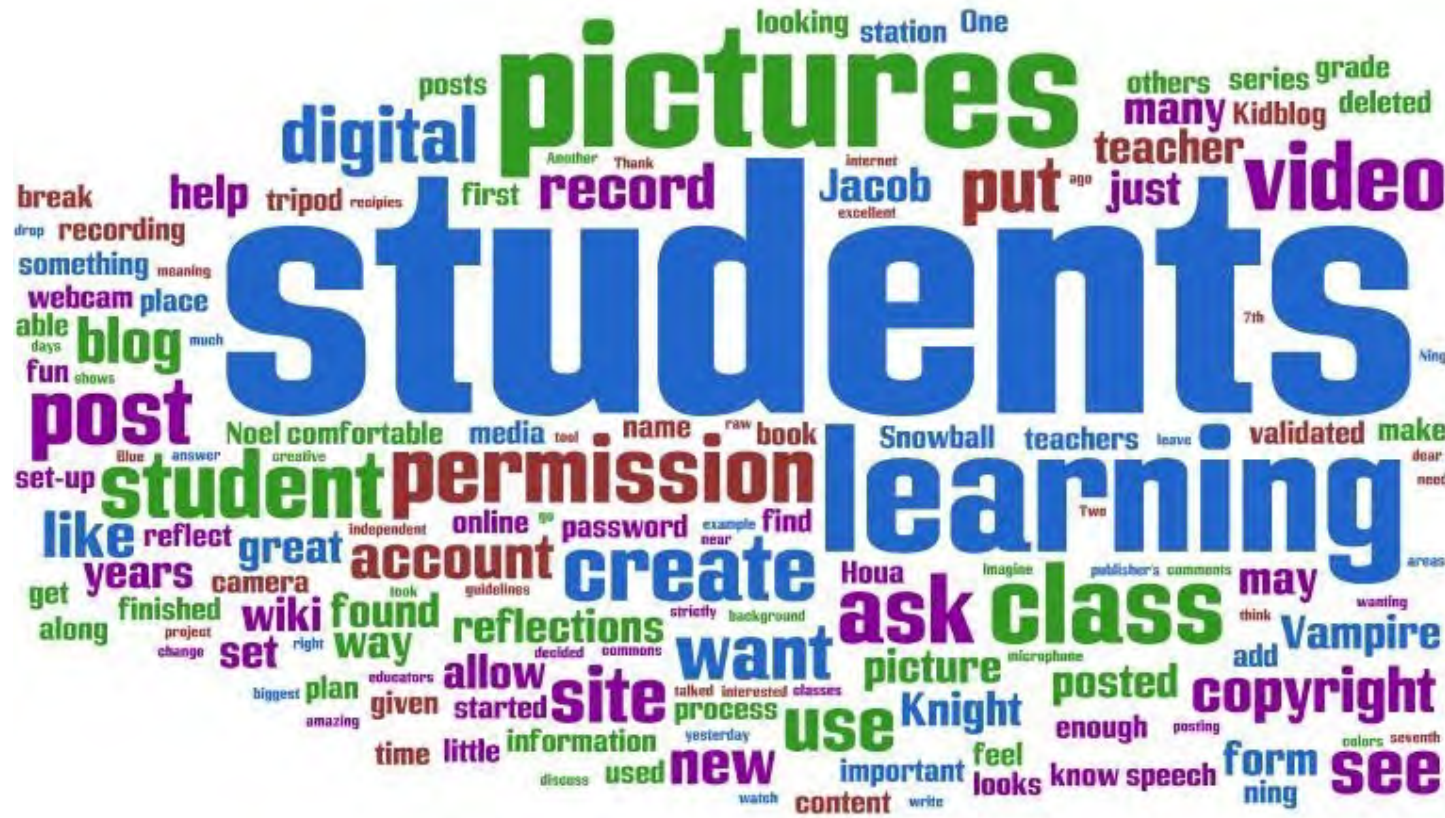

AUT 110 Intro to Auto.....	4
AUT 112 Braking Systems	5
AUT 113 Suspension and Alignment.....	5
Total Hours	14

Automotive Oil Change Specialist (Certificate) • Code 24UL

This Mini Certificate would prepare a student for employment in the oil change business.

AUT 110 Intro to Auto.....	4
AUT 111 Engine Rebuilding	5
AUT 112 Braking Systems	5
Total Hours	14

Learning Objectives

Everyone should know exactly Course Objectives

IET 070 This course will emphasize the study and college skills needed to succeed in College & Technical education programs that lead to career certificates. Students will learn study strategies; organization skills, critical thinking skills, time management, and are able to actively work in small group settings. This class helps students prepare for workplace scenarios such as; problem solving, teamwork, and time management. Students will gather skills that will prepare them for academic and workplace success.

Be Flexible:
Learning Objectives need to be student driven

Teamwork

- Students will work together collectively to review assigned homework by creating study guides for each chapter.
- Students will also compete in in games to help them better understand the chapter information and vocabulary.
- Students will work together collectively to review assigned homework by creating study guides for each chapter.
- Students will also compete in in games to help them better understand the chapter information and vocabulary.

Organization

- **Students will create Cornell Notes for each chapter.**
- **Students will organize their materials including their grades and any class assignments for easy review.**

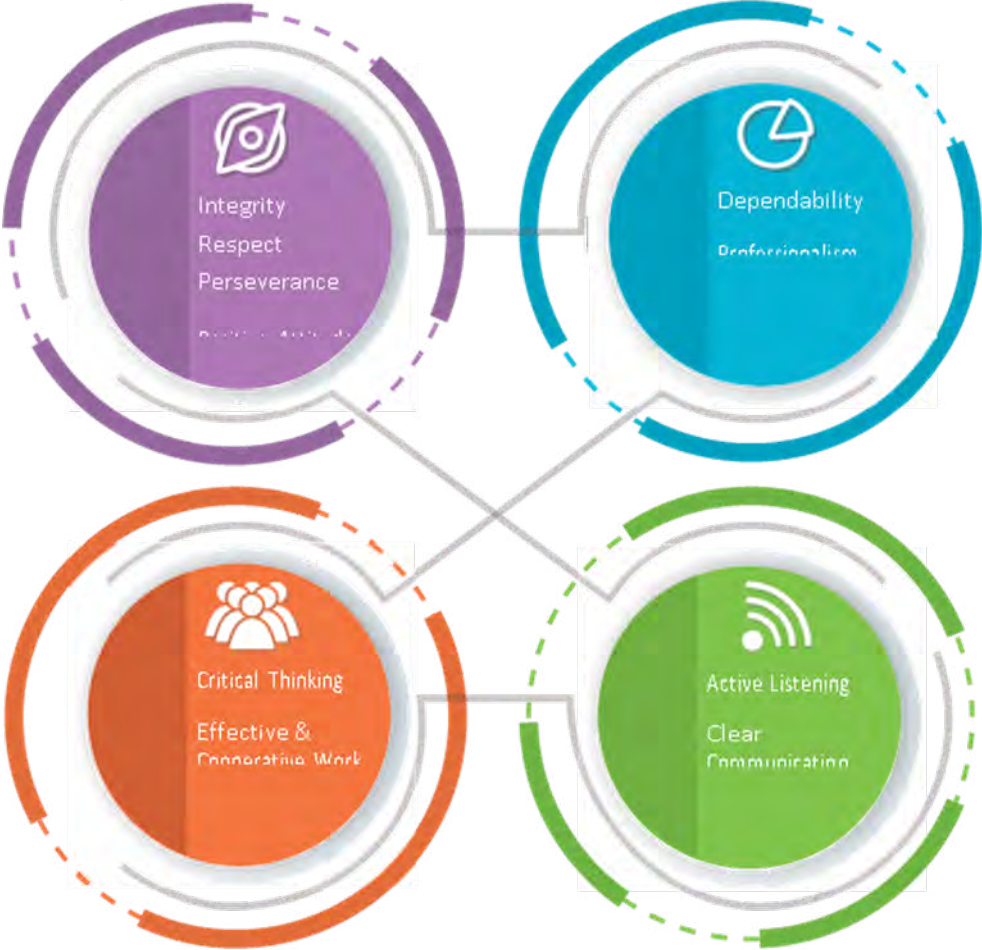

Time Management

- Students will thoroughly review all homework materials using study skills and strategies.

Include Employability Skills and Resources In Class and on your LMS

Illinois Employability Skills Framework Graphic

Utilize Employability Skills as defined by WIOA in Lesson Planning

Workforce preparation activities- means activities, programs, or services designed to help an individual acquire a combination of skills:

- Basic Academic Skills
- Critical thinking skills
- Digital literacy skills
- Self- management skills
- Competencies in utilizing resources, using information,
- Working with others,
- Understanding systems, AND
- Obtaining skills necessary for a successful transition into and completion of postsecondary education or training or employment.

Celebrate Success

- First ICAPS Graduation
- Invite everyone!
- Use for recruitment
- Continuous Improvement
