# SCALING IET PROGRAMMING

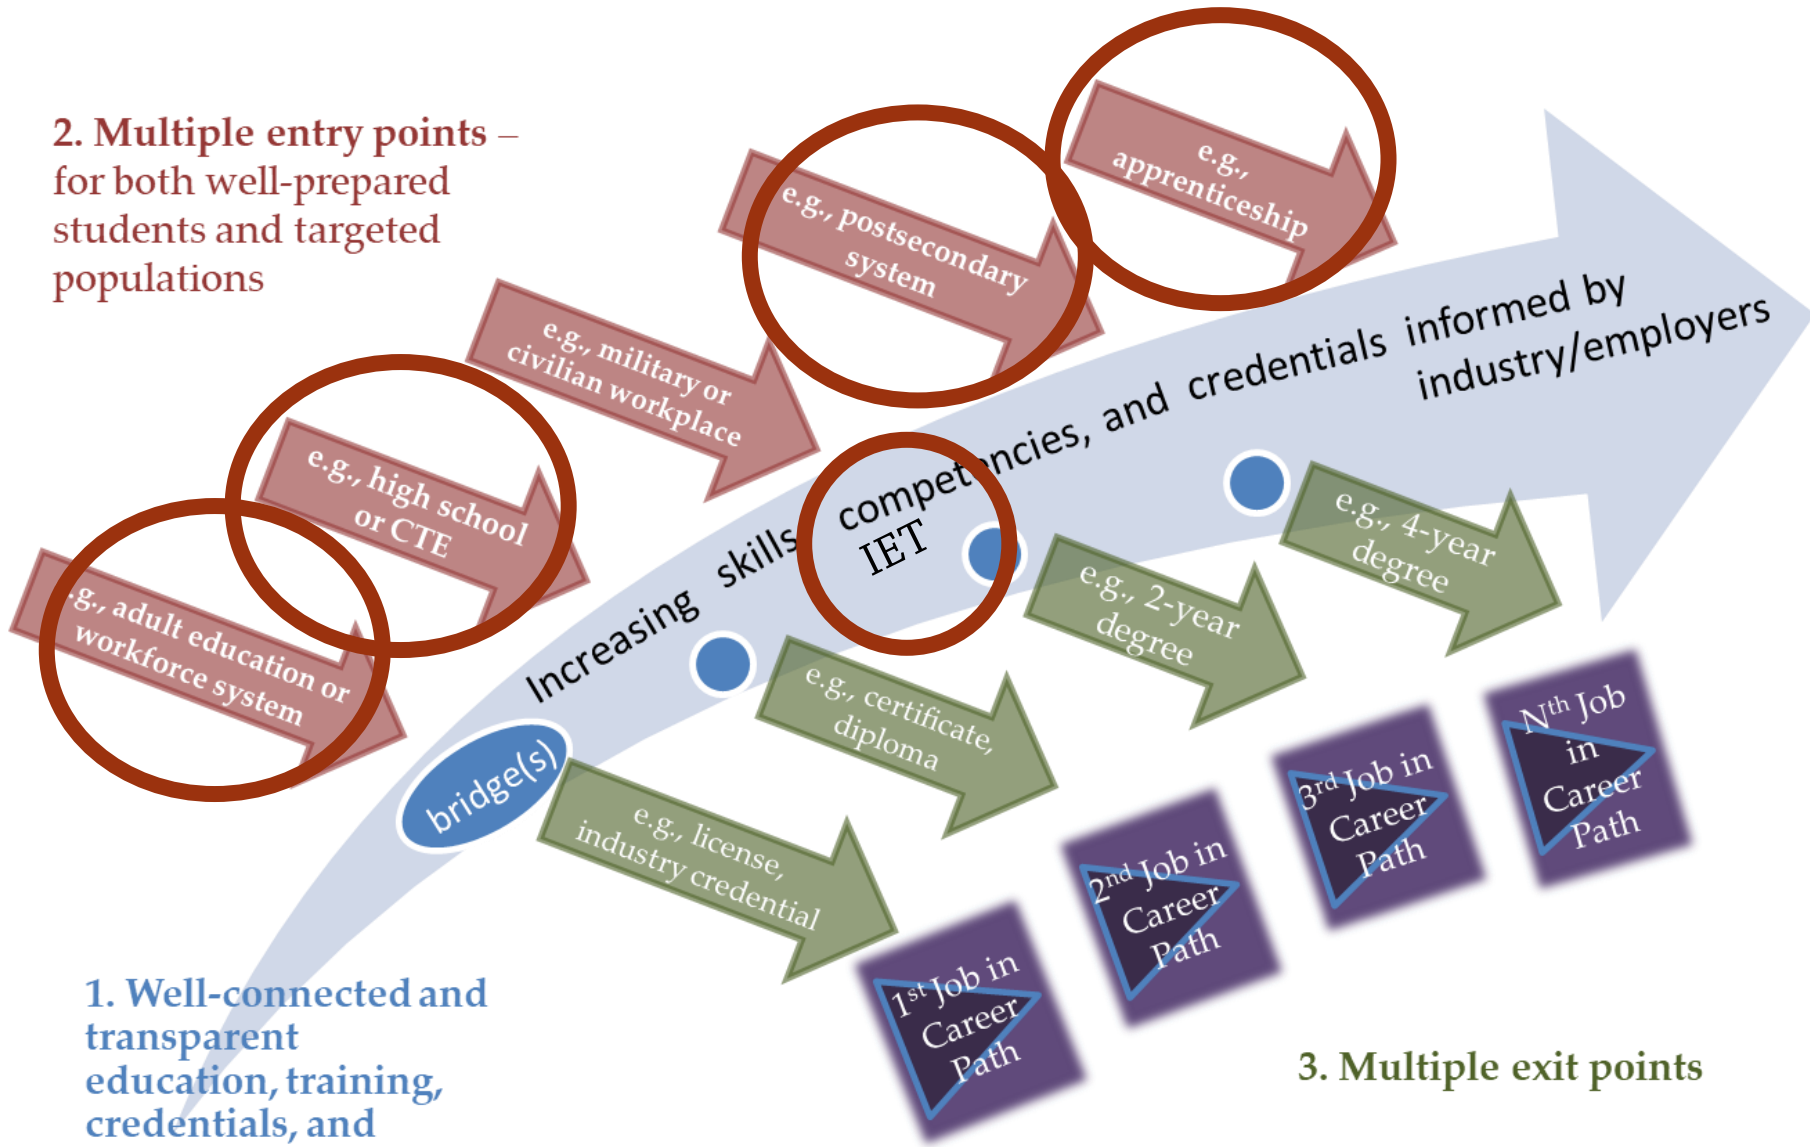

## ICCB Goals:

- 1) Smooth the transition for all students into and through postsecondary education.
- 2) Contribute to the economic development of Illinois by providing robust workforce training, increasing credential attainment, and closing the skills gap through talent pipeline management.
- 3) Engage with all stakeholders to align board policies to improve student outcomes and increased access to public information on system effectiveness.

*Perkins V: By the end of FY2024, all colleges will have a quality IET program (ICAPS Model 1).*

2. Multiple entry points –  
for both well-prepared  
students and targeted  
populations

1. Well-connected and  
transparent  
education, training,  
credentials, and  
support services

3. Multiple exit points
