

March 13, 2019

# Illinois Workforce Development System (IWDS): Recording Measurable Skill Gains (MSGs) and Supplemental Wages

# Record Measurable Skill Gains in IWDS

## Overview:

- The purpose of the MSG indicator is to track and measure important progressions and achievements made by WIOA participants, who are enrolled in training or education, through pathways and towards various goals of their individual programs.
- The measure “is intended to capture important progressions through pathways that offer different services based on program purposes and participant needs and can help fulfill the vision for a workforce system that serves a diverse set of individuals...”

# Measurable Skill Gains in IWDS

## Who is in the measure?

- 1.) **All** In-School Youth are included in the measure.
- 2.) **Out-of-School Youth (OSY)** who, during a Program Year (PY), enroll in a training program or secondary education, EXCLUDING OJTs (On the Job Training), ~~(at or above the 9<sup>th</sup> grade level)~~ or post-secondary education leading to a diploma, GED or certificate. **This was a mistake in TEGL 10-16 Change 1. (page 22) “At or above 9<sup>th</sup> Grade” does not apply to the MSG measure.**
- 3.) **Adults and Dislocated Workers** who, during a Program Year, are enrolled in education or training at the time of participation **or** at any time during participation.

# Measurable Skill Gains: Who is included in the Measure?

24 April 2017

## Adults and Dislocated Workers enrolled in one of the following services:

- Academic/Prerequisite Training
- Apprenticeship
- Basic Academic Training
- Concurrent Conceptual Training
- English Language Proficiency
- Entrepreneurial Skills Training
- Equivalency (GED)
- Occupational Classroom Training
- Other Academic Training
- Other Vocational Training
- Private/Public Sector OJT
- Remedial Training
- Vocational Retraining

# Measurable Skill Gains in IWDS

## Time Frames for Inclusion in the MSG indicator:

- Skill Gains are reported for each Program Year (July 1- June 30<sup>th</sup>).
- For instance, a skill gain with a date from July 1, 2018 through June 30, 2019 will count in PY' 18.
- Since the MSG measure is NOT exit based, participants are included in the measure *each year* they participate in WIOA and are enrolled in training or education.
- To count as a positive in performance, participants need to achieve at least one skill gain each year they participate in WIOA and are enrolled in education or training.

# Measurable Skill Gains in IWDS

## **Time Frames for Inclusion in the MSG indicator (continued):**

- Participants who are enrolled in training/education are included in the measure regardless of how long they have participated in the program year. For example, if a participant is enrolled in training or education in June, they have until June 31<sup>st</sup> to achieve a gain.
- In accordance with US DOL (Department of Labor) guidance, “Programs should not delay enrollment or services to participants until a new program year if programs believe there is insufficient time for the participant to make any type of MSG by the end of that program year”.

# 5 Types of Measurable Skill Gains

Level (EFL)  
(two ways)

# MSG: Post-Secondary Transcript/Report Card

## 1) Post-Secondary Transcript/Report Card:

- Full time Students must achieve minimum of 12 credits within one semester.
- Part-time students must achieve a minimum of 12 credits completed (in accordance with the institutions standards) in two consecutive semesters within the same 12-month period. If the first semester begins in one PY and the second semester ends in the next Program Year (PY), the MSG would be achieved in the PY that the second semester ends.
- Documentation: Transcript or Report Card that shows a participant is meeting the State unit's academic standards. The documentation must included whether the participant is enrolled full-or part-time.

# Post-Secondary Transcript/Report Card

**IWDS Requirements:** Must have one of these to have a Post Secondary Transcript/Report Card Gain;

On the Education Status Screen– Attending School? = **YES** OR,

On the Education Status -*In Program Update* Screen- Pursuing GED/Diploma/Certificate? = **YES**

**AND one of these:**

On the Education Status Screen -Highest Grade Completed=12<sup>th</sup> Grade with a Diploma or Higher

On the Education Status – *In Program Update* Screen -Highest Grade Completed =12<sup>th</sup> Grade with Diploma or Higher.

# MSG: Secondary Transcript/Report Card

## 2) Secondary Transcript/Report Card:

- Applies to participants without a high school diploma or GED at program entry.
- Documentation: Participant's transcript or report card for secondary education for one semester showing that the participant is demonstrating satisfactory achievement in all classes. The semester must be within the Program Year of participation (PY).

# Secondary Transcript/Report Card

**IWDS Requirements:** Must have one of these.

On the Education Status Screen -Attending School? = **YES** OR,  
On the Education Status -*In Program Update* Screen– Pursuing  
GED/Diploma/Certificate? = **YES**

**AND one of these:**

On the Education Status Screen- Highest Grade Completed=9th, 10th,  
11th or 12th without a diploma.

On the Education Status – *In Program Update* Screen– Highest Grade  
Completed =9th, 10th, 11th or 12th without a diploma.

# MSGs for Secondary & Post Secondary Transcript/Report Card

Two “rules” that apply to both the **Post-Secondary and Secondary Transcript/Report Card** skill gain types:

- The report card/transcript must *not* show that the participant dropped out of school, was removed from the institution, or any other condition that indicated removal on academic or conduct grounds.
- Any reasonable verification of a transcript or report card will meet the requirement for documentation such as an unofficial transcript or online report card.

# MSG: Training Milestone

“Satisfactory or better progress report towards established milestones...” These may reflect on a participant’s Individual Employment Plan (IEP) or other established goals.

Documentation for this gain may vary, as *Programs should determine appropriate methodologies based upon the nature of services being provided.*

Training milestones are *not necessarily* based on a written exam or test.

**TAA Question: Non-traditional block/clock hours for modular classes may be documented as a “Training Milestone”.**

# Training Milestone

## Examples:

- “Satisfactory or better progress report towards established milestones, such as completion of OJT or completion of one year of an apprenticeship program or similar milestones, from an employer or training provider who is providing training.” Progress reports must document substantive skill development.
- Training reports on milestones completed as individual masters the required job skill or steps to complete a program, for example an OJT or Registered Apprenticeship (RA).
- Pay stubs showing increases in pay resulting from new skills or increased performance.

## Skills Progression/Diploma/Certificate:

- **“Successful passage of an exam that is required for an occupation or progress in attaining technical or occupational skills as evidenced by trade-related benchmarks, such as knowledge based exams.”**
- Skills Progressions are documented by passage of a written assessment or exam leading to a credential or certificate.
- This gain may include a High-School Diploma or GED, an Industry Recognized Credential or Certificate or an Associates or Bachelor’s Degree.

# Skills Progression/Diploma/Certificate

## Examples:

- passage of an exam/component in a Registered Apprenticeship program,
- employer-required knowledge-based exam,
- satisfactory attainment of an element on an industry or occupational competency-based assessment or
- other completion test necessary to obtain a credential.

# MSG: Educational Functioning Level (EFL)

*There are two ways an individual can achieve an Educational Functioning Level (EFL) gain for MSG...*

**1) Assessment Test Scores:** Documented achievement of at least one EFL of a participant who is receiving instruction below the postsecondary level.

- One full EFL gain is required and is measured by comparing a participant's pre- and post-test scores.
- IWDS calculates this MSG by the client's test scores that are entered into IWDS. The system will automatically record a gain when there is an EFL gain recorded.

# Educational Functioning Level (EFL)

## **2) EFL Gain for Entry into Post-Secondary Education:**

An EFL gain may be reported for participants who exit a program below the postsecondary level and enroll in postsecondary education and training during the program year.

### **What is this Measuring?**

Customers who participated in WIOA and, after their program ended, they enrolled in a post-secondary school or training on their own, within the Program Year (PY’).

# EFL for Entry into Post Secondary Education: IWDS Entry

## IWDS requirements: a customer achieved this type of EFL Gain?

School Status at Exit: = “Not Attending School; HS Graduate”.

Logic: Need to validate client has a high school diploma because without this, they wouldn't enroll in a Post-Secondary school/training.

Exit Reason: The exit reason recorded for a participant achieving this gain *must NOT* indicate he/she is “Attending Post-Secondary School/College” at exit.

Logic: If this were the case, there would be nothing to measure since it indicates enrollment in post-secondary school/college took place while receiving WIOA services.

# Recording an EFL for Entry into Post-Secondary Education in IWDS:

**General Exit**  
[Valara Vanguard](#) [Application Summary](#)  
SSN: 8748 App LWA:20 App Date:11/09/2015

## Recording a EFL for Entry into Post-Secondary Education:

In IWDS, this is done at time of exit.

- “School Status At Exit:” = “Not Attending school, H.S. Graduate”.
- Validate Exit Reason: CANNOT record “Attending Post-Secondary School/College” to report a gain for this type of MSG.
- Click “SAVE” to complete the exit.

# Recording an EFL for Entry into Post-Secondary Education in IWDS:

- User will be automatically directed back to the Exit Control Panel.
- During *any* Post-Exit follow-up, if a client communicates that he/she entered any post-secondary education or training, **update the Post-Exit quarter outcome.** This is a *NEW* requirement in IWDS.
- Click on “Update” in the respective Post-Exit Quarter on the Exit Control Panel.
- You will be automatically directed to the POST Exit Outcome Screen...

**Exit Control Panel**

**POST EXIT OUTCOME**

- Other Post Exit Outcome:
- Documentation/Verify Date:
- Documentation Source:

**POST EXIT EMPLOYMENT**

UI Wages: Not Available

Supplemental Employer:  
Employment Start:  
Employment End:  
Source:

Related to Training?

Supplemental Wages: \$0.00 All Jobs in this Quarter

In the **POST EXIT OUTCOME** section, update the following fields:

- **Other Post Exit Outcome:** Record “Post-Secondary Education” for this EFL gain.
- **Documentation/Verify Date:** Record the date of the supporting documentation. This date must fall within the Post-Exit Quarter selected.
- **Documentation Source:** Written documentation is required. This is the only choice in dropdown.
- Click **SAVE**.

# Recording an EFL for Entry into Post-Secondary Education in IWDS:

- IWDS will calculate this gain by comparing the participant's status at exit to his/her Post-Exit outcome.
- The "Date Skill Attained" will automatically default to the first day of the Post-Exit quarter in which the Post-Secondary outcome was recorded. This will not be the same as "Documentation/Verify date" recorded.

- For TAA/WIOA co-enrolled customers, to get credit for MSGs, each gain must be entered on the WIOA and TAA application in IWDS.
- Follow the same procedure as outlined above in each application.

# Measurable Skills Gains

We recognize that Measurable Skills Gains is a new indicator with much to be discovered. If you have questions or specific situations that you would like to have addressed, please contact; Paula Barry at [Paula.Barry@Illinois.gov](mailto:Paula.Barry@Illinois.gov)

(For additional guidance on WIOA performance measures, please reference TEGL 10-16 Change 1. page 18.)

# Supplemental Wages in IWDS

## Overview:

- When a WIOA participant enters unsubsidized employment, his/her wages are reported to Illinois Department of Employment Security (IDES), uploaded to IWDS, and the customer's wage records are reported in IWDS on a quarterly basis. (TEGL 26-16)
- When a participant gains “supplemental” employment, his/her wage income must be entered in IWDS by the career planner since the wages are not reported to IDES and available to be uploaded to IWDS.
- NOTE: Under WIOA, Career Planners are required to provide up to 12 months of follow-up services to ALL Youth and Adult and Dislocated participants who are in Unsubsidized Employment at exit.

# Supplemental Wages in IWDS

## When do Supplemental Wages count?

- WIOA Performance Outcomes: Supplemental wages will count towards performance in 2<sup>nd</sup> Quarter and 4<sup>th</sup> Quarter Employment outcomes and Median Earnings performance indicators.
- Supplemental wages should be entered for customers who do not have UI wages reported to IDES.
- This means customers who are self-employed, are federal employees, or whose employer does *not* report wages to IDES or the Wage Rate Interchange System (WRIS).
- If there are UI wages reported for a customer, those wages will override any supplemental wages recorded in IWDS.

# Supplemental Wages in IWDS

## When do Supplemental Wages count?

NOTE to Career Planners:

- When you know that one of your customers is in unsubsidized employment, for example, has wages showing in IBIS, and they also have some supplemental wages, you do NOT need to enter those supplemental wages.
- However, if you know an individual will *only* be in supplemental employment, (e.g; self-employed, federal employees, employer does not report wages to IDES or WRIS), his/her wages need to be entered to get credit for their employment and earnings.
