STRATEGIC PLAN¹

VISION

“Illinois will strive to be a national workforce development leader by creating a cohesive, business-led system that equally supports job seekers and businesses through regional economic prosperity and global markets.”

MISSION

“The Illinois workforce system’s purpose is to integrate education, workforce and economic development resources and services that support economic growth and job creation for individuals, businesses and communities in the State.”

GUIDING PRINCIPLES

- Promote business demand-driven orientation, through a sector strategy framework, grounded in strong partnerships within businesses themselves and among businesses at all levels of the system
- Grow career pathways and apprenticeships
- Integrate service delivery improving access and opportunity for all populations
- Collaborate and align for cross-agency development and/or promotion of career pathways and industry recognized stackable credentials
- Advance systemic and sustainable change that drives us to be prompt, agile and responsive to changing economic conditions
- Better prepare and empower staff to more effectively serve business and individual customers
- Make decisions based on current, valid and reliable market place and labor market information data, as well as skills needs identified by businesses and industries
- Monitor, track and assess clear metrics for progress and success informing continuous improvement and innovation efforts
- Hold ourselves as a Board and system partners accountable for outcomes and transparency
